- Engagement History

12. Anti-Fraud & Security System

Security Features

Protection Systems

- Anti-Cheat Engine
- Match Validation
- Coin Fraud Detection
- AI Suspicious Activity Detection

- Device Ban System
 - IP Restrictions
 - Abuse Reporting
-

13. Monetization Psychology

Games like:

- Ludo
- Carrom

perform extremely well in India because they create:

- emotional engagement
- competition
- replay addiction
- social bonding
- community interaction

Combining them with:

- random calling
- gifting
- coin betting
- live streaming
- creator economy

creates a highly scalable monetization system.

14. Revenue Growth Impact

Metric	Estimated Growth
Session Time	+60%
Coin Spending	+75%
Daily Active Users	+45%
User Retention	+50%
Viral Sharing	+80%

15. Recommended Tech Stack

Component	Technology
Multiplayer Engine	Photon / Socket.IO
Real-Time Sync	Firebase Realtime DB
Voice Chat	Agora / ZegoCloud
Matchmaking	Node.js
Wallet System	PostgreSQL
Media Storage	AWS S3
Analytics	BigQuery

16. UI/UX Gaming Design

Design Direction

Visual Style

- Neon Gaming Theme
- Dark Mode Interface
- Floating Coin Animations
- Premium Gift Effects
- Real-Time Reactions
- Smooth Gameplay Transitions

Main Screens

- Game Lobby
- Matchmaking Screen
- Voice Call Gaming Screen
- Video Battle Screen
- Coin Wallet
- Tournament Dashboard
- Leaderboard Screen
- Host Gaming Room

17. Future Expansion Plan

Additional Games

Future Games:

- UNO
 - Chess
 - Pool
 - Teen Patti
 - Spin Wheel
 - Quiz Battles
 - Couple Mini Games
 - AI Opponent Modes
-

Future Features

- AR Board Games
 - AI Gaming Hosts
 - NFT Gaming Gifts
 - Cross-Platform Tournaments
 - International Gaming Rooms
-

18. Final Strategic Positioning

Ridhi Gaming Identity

“Ridhi is India’s first creator-powered social entertainment platform combining real-time calling, multiplayer gaming, virtual gifting, and coin battle monetization into one immersive ecosystem.”
