

About Ridhi

Welcome to Ridhi

Ridhi is a next-generation social networking and community platform designed to connect people through conversations, entertainment, friendships, talent, and digital communities. Developed & Built by Krilo Digitech Pvt, Ltd. Funded by Jadaprolu Hareesh. Modern users across India and beyond, Ridhi creates a safe and engaging space where users can communicate, share experiences, discover new people, and express themselves freely.

Ridhi combines the power of social networking, community engagement, creator interaction, and digital entertainment into one seamless platform. Whether users want to make new friends, join communities, share content, interact through audio and video calls, or showcase their talents, Ridhi provides a complete social experience.

Our Mission

“To build a community-first digital platform where every voice matters, every culture connects, and every user belongs.”

Ridhi aims to empower people through meaningful social connections, creator opportunities, and safe digital interactions.

Our Vision

To become one of the most trusted and innovative social networking platforms globally by creating an inclusive ecosystem for communication, entertainment, and digital engagement.
